

SOLVE Spring & Fall Beach Cleanups Supply Inventory Checklist

Zone & Beach Captains:

The following checklist will help you decide what supplies you can discard or reuse for the Spring Oregon Beach Cleanup in March and the Beach & Riverside Cleanup in September. Many of you have been leading SOLVE cleanups for over a decade and likely have several old forms and leftover bags. Please note, this year we are celebrating SOLVE's 50th anniversary and have a new logo that we'll be using on our new signs and bags. All signs and forms with the old (SOLV) logo or old sponsors should be recycled. Anything you cannot recycle (ex: sponsor signs), please keep and hand them to me during the supply delivery road trip.

Note that this list does not include any volunteer giveaways (ex: Oregon Lottery reusable bags, SOLVE window clings). These change from year to year. Feel free to hand out any old giveaways that you still have in your supplies.

Please use this checklist as a guide when determining your supply order this year and to make sure you have everything on event day. It would be most helpful for you to get me your supply order by **February 15**.

Thanks again for your dedication to Oregon's coast!
