## A LETTER FROM OUR LEADERSHIP

### DEAR SUPPORTERS:

As was the case for many, the year 2020 tested our resolve. But what quickly became apparent was that in times of crisis, one finds purpose in selflessness. And ultimately that selflessness helps prioritize what truly is essential.

For over 50 years, HandsOn Suburban Chicago (HOSC) has connected people with purpose and our approach to the COVID-19 pandemic was no different. We mobilized over 650 volunteers between March 20 and May 8 to perform essential services at 50 shelters, blood banks, food banks, and local organizations. And when schools closed, along with our enrichment programs, we quickly switched gears and innovated e-tutoring platforms to support families struggling to adapt to the challenge of distance learning.

We could not have done this without your support. Your investment in HOSC has been essential to us, and for that, we are extremely grateful. We look forward to continuing to share our success and the impact of your generosity.

Sincerely,

*Chris Swope Cholewa*  
Executive Director

*Ed Lorgeree*  
Board President

connected our organization to so  
many wonderful, new volunteers

complete various mission-based  
projects thanks to the wealth of

To bring continuity to national service programs, increase brand recognition, and connect more potential volunteers to opportunities in areas of critical need; the federal government changed the name of the Corporation for National and Community Service to AmeriCorps. Consequently, Senior Corps is now AmeriCorps Seniors.

Although our RSVP program is now an AmeriCorps Seniors program, it continues to connect individuals ages 55 and older with volunteer opportunities at nonprofits in northern Cook and northern DuPage counties the same way it has for the last 29 years.
