It is really summertime! With heat baking both coasts, we seem to be experiencing a firecracker of start to the season! Despite the heat, we have our routines that we go about. Many of us are working and volunteering, and some are working to keep our gardens flourishing through the heat.

I listened to a group of young mothers of teens the other day talking about their children's summer. Some of the children are not old enough for traditional jobs. One Mom of a 14 year old said, "I told her she has to find something to do, either work or volunteer at least 2 days a week." Another agreed and all 3 of them have a plan for their 13 to 15 year old children to pitch-in over the summer.

I thought, how smart are these moms! So many teens just experienced a year of virtual learning. Two days a week to get into a groove of social interaction can be very helpful. I thought it was a great idea that she suggested her daughter take the initiative to either find a job or volunteer work.

Setting goals is a great way to hold oneself accountable for what needs to get done. For me, I always want to read a certain number of books during the summer, or to finish a certain number of baby blankets for Nimble Fingers.

Are you setting your goals for the summer? Can you include volunteering? Read the pages within or call our office for the soaring community needs for which we can place you to help. Volunteer today! Set your summer goals with us! *Ann Gorrin*

Sussex County Habitat for Humanity is dedicated to eliminating substandard housing locally and worldwide through constructing, rehabilitating, and preserving homes; by advocating for fair and just housing policies; and by providing training and access to resources to help families improve their shelter conditions. Habitat for Humanity was founded on the conviction that every man, woman, and child should have a simple, durable place to live in dignity and safety, and that decent shelter in decent communities should be a matter of conscience and action for all.

# Blood Bank

## of Delmarva

Volunteer with us!

The Blood Bank Of Delmarva is facing an **emergency blood shortage**. In efforts to broaden their reach and rebuild their supply The Blood Bank has recently opened two new donor centers. There is a pop up site conveniently located in the Tanger Outlets, and will be there throughout the summer, into October 2021. The second site is located just off 113 in Dagsboro Delaware and is a permanent donor facility. We hope these locations will lessen the blood shortage and offer community members a more convenient way to donate!

Common volunteer opportunities at the Blood Bank include greeting donors upon their arrival and serving refreshments (drinks and snacks) while watching recent donors for reactions.

The Blood Bank of Delmarva's priority is to keep everyone safe, so you can be assured that you will be in great hands! If your interested in volunteering for The Blood Bank of Delmarva, at any of the locations contact Volunteer Delaware 50+ at 302-515-3020. We hope to hear from *you!*
