

**April 2018
Volunteer Opportunities**

Please contact Danielle Briggs or Linda Rogers at (302) 515-3020 to inquire about any of the wonderful volunteer opportunities listed below.

Good day Volunteers,

I think I can say welcome to spring, at least we can say welcome April this weekend. To those of us who suffer from allergies it means swapping one trouble for another but it is always a wonder to see the seasons change.

April is also National Volunteer Month! There are reasons that spring and a celebration of volunteers coincide. As winter leaves us we have been inside, huddled under our coats, blankets, reading books. We have opportunities in spring to shed those layers and see what is out there to do!

If you volunteer, we would like to thank you for giving your time to others in need. We thank you for providing a helping hand to those most vulnerable. Many who give time call it their passion. Whether you bring the hungry a meal, read a child a book, mentor children in school, or build the homeless a home; when passion meets a purpose volunteer spirit starts.

How is your volunteer spirit? Are you serving now or are you in need of a more purposeful opportunity? This publication has a snapshot of opportunities available to volunteers in our area. They are needs of just a few of the community partners we serve. There are many other opportunities that our community partners offer. We are sure there is something for you. Give us a call at 302-515-3020 and work on your volunteer spirit! We look forward to hearing from you!

10 things to know about your new Medicare card

Medicare is mailing new Medicare cards starting in April 2018. Here are 10 things to know about your new Medicare card:

- 1. Mailing takes time:** Your card may arrive at a different time than your friend's or neighbor's.
- 2. Destroy your old Medicare card:** Once you get your new Medicare card, destroy your old Medicare card and start using your new card right away.
- 3. Guard your card:** Only give your new Medicare Number to doctors, pharmacists, other health care providers, your insurers, or people you trust to work with Medicare on your behalf.
- 4. Your Medicare Number is unique:** Your card has a new number instead of your Social Security Number. This new number is unique to you.
- 5. Your new card is paper:** Paper cards are easier for many providers to use and copy, and they save taxpayers a lot of money. Plus, you can print your own replacement card if you need one!
- 6. Keep your new card with you:** Carry your new card and show it to your health care providers when you need care.
- 7. Your doctor knows it's coming:** Doctors, other health care facilities and providers will ask for your new Medicare card when you need care.
- 8. You can find your number:** If you forget your new card, you, your doctor or other health care provider may be able to look up your Medicare Number online.
- 9. Keep your Medicare Advantage Card:** If you're in a Medicare Advantage Plan (like an HMO or PPO), your Medicare Advantage Plan ID card is your main card for Medicare – you should still keep and use it whenever you need care. However, you also may be asked to show your new Medicare card, so you should carry this card too.
- 10. Help is available:** If you don't get your new Medicare card by April 2019, call 1-800-MEDICARE (1-800-633-4227). TTY users can call 1-877-486-2048.

You have the right to get Medicare information in an accessible format, like large print, Braille, or audio. You also have the right to file a complaint if you feel you've been discriminated against. Visit [CMS.gov/about-cms/agency-information/aboutwebsite/cmsnondiscriminationnotice.html](https://www.cms.gov/about-cms/agency-information/aboutwebsite/cmsnondiscriminationnotice.html), or call 1-800-MEDICARE (1-800-633-4227) for more information.
