Volunteer Opportunities

Writing this article my mind is flooded with images of gatherings; spooky kids running around for Halloween, parades and parties, families sharing a Thanksgiving meal and tables set perfectly for a huge dinner and dessert! Then comes my mind saying, it's been cancelled. All the kids stay home, there's no parade, Mom can't do a party this year, and Thanksgiving is only with immediate family, no, not even your favorite Aunt Ruth!

With this amount of what the experts have called *pandemic fatigue*, our Volunteer 50+ team is in connection mode! We want to connect with volunteers and community partners. All in complete compliance with safety measures! You will notice over the next couple of months, we will make efforts to reach you in creative ways. Next to this article is our first fun way we can connect—let's talk turkey! Another is to look for us at some of the events you see within the letter. Did you know Bobbi Jo was at the Love, Inc. food delivery? Did you know Ann was at the recent Blood Drive? If you come to a bake sale or a food drive contained within, chances are you may see us out for its support. And community partners stay tuned, we will be calling on you soon too!

As the season of thankfulness comes to pass, thank you for volunteering and for your dedication. Let's keep connecting!

Ann Gorrin

Volunteer Delaware 50+ is a statewide program offered through the State Office of Volunteerism within the Division of State Service Centers. Our mission is to engage persons 50 and older in volunteer service, to meet critical community needs and to provide a high quality experience that will enrich the lives of volunteers.

My turkey friends and I are here to take over the newsletter! Call in to the office 302-515-3020 with your tally of how many

turkeys are contained in these pages and YOU are our WINNER!

Focus on the Community

Spotlight on Ed Skibicki

ED SKIBICKI began volunteering for Love INC four years ago. He answered a request for volunteers from Volunteer Delaware 50+. He knew once his wife passed away he needed to stay busy and wanted to serve. Ed has an incredible past, has accomplished many things in his life, and is a huge asset to our ministry. To have his life experiences on our side is a wonderful thing. Every Wednesday he gets his marching orders to take donations to

Code Purple sites, do inventory, make deliveries, purchase and put together shelves, clean, organize, and move. He literally has done anything we ask and does so with a smile on his face and a humble heart. Ed helps with food distribution and delivery of diapers to the baby pantry; he does it all. He hauled away trash the first few months of Code Purple because we did not have funds for a dumpster. We thank Ed and pray for his service to be contagious.

Spotlight on Phyllis Van Kampen

Before joining Love INC of Mid-Delmarva in Oct. 2016, PHYLLIS VAN KAMPEN had worked 34 years as an administrative assistant, 14 of which were at Atlanta Road Alliance Church in Seaford. During that time she helped to organize the kick-start auction for Code Purple Sussex County. After praying about what to do following retirement, Phyllis was excited to see an administrative assistant position posted on LOVE INC's

Facebook page and came aboard. In addition to assisting the executive director, Phyllis corresponds with donors and helps with fundraising. A Michigan native, Phyllis and her husband Lewis, a retired General Motors engineer, are active members of The Gideons International and Atlanta Road Alliance Church. *"I love volunteering at the Clearinghouse, meeting and working alongside other members of the body of Christ who demonstrate a servant attitude to our neighbors in need."*

The mission of LOVE, INC. is to mobilize local churches and transform lives and communities In the Name of Christ."

Love Inc, wants to spotlight how their volunteers are making a difference here in Mid-Delmarva. See Page 9 for more information .

At this reflective time of year, we want to take a moment to message our wonderful community partners. It has been a challenging year for all of us. We have found ourselves in a new pandemic, bringing demands, shut-downs and incredible creativity. We have also learned about each other through new and RE-NEWED partnerships. There are many kinds of technology we are using and some of us are working and will continue to work from home for months to come!

For now, in this complicated time, let's keep it simple and say to you, our valued community partners,

Thank you!

CHILD ADVOCATES NEEDED

The Office of the Child Advocate- Court Appointed Special Advocate Program (CASA) of Delaware is expanding its efforts to represent the interests of abused and neglected children. The program is seeking qualified adults to serve as CASA volunteers.

CASA volunteers are trained members of the community who are appointed by a Family Court Judge to advocate for the best interests of abused and neglected children in court proceedings. The CASA volunteer conducts an independent investigation into the child's life and provides information and recommendations to the judge. CASA volunteers work with attorneys, social workers, and family members to attain a safe and permanent home for each child.

CASA volunteers have varied professional, educational and ethnic backgrounds. They are selected on the basis of their objectivity, competence and commitment. Each volunteer accepted into the program must complete 30 hours of initial training. Casework supervision is provided by full time program coordinators.

*The problems of child abuse and neglect belong to all of us.
Be part of the solution. Be a CASA volunteer.*

Classes are forming now for training statewide!

VOLUNTEER OPPORTUNITIES

Supermarket/Superstore - Driving members to better apartments, food or cultural events. We volunteer on超市, grocery stores and markets. Volunteers assist with grocery shopping, mailing and gift shopping, and picking up prescriptions. Volunteers are asked to be aware that around a corner there's always and just off someone's porch that they need help.

Home Support - Older household members will cook, plant care, laundry and managing accounts and managing household. Also home maintenance repairs.

Healthy Meals - Providing conversation and companionship, help for shopping, standing in queues at shop's queue, sharing meals, protein, and activities.

Healthy Calls - Volunteers call members who have not used services or attended programs to check on their well-being and spend some time talking with them. The goal is to build trust and support. The work is to ensure they are doing well and encourage them to participate more fully in village programs and events.

Home Maintenance - Changing light bulbs, changing pictures, checking smoke alarms, moving outdoor furniture, providing simple repairs and minor yard work.

Technology - Helping with computer, email, social programming, smartphones, smart phones, and more.

Village Office Assistance - Answering phones, running errands, to market, social events, managing meals, data entry, and more.

Village Events and Programs - Helping with social networking and outreach events, participating in food queues, fundraisers and more.

Volunteer Sign-Up - You decide the type of services, office work, events you want to do. We'll take on the job and have you doing it in volunteer. We appreciate all that you have to offer and we will work with you to find the best fit for your contributions. We will provide equipment, training, and more.

Volunteer & Make a Difference

THE SENIOR MEDICARE PATROL IS A NATIONAL GROUP OF VOLUNTEERS OF all ages who help senior citizens and Medicare recipients identify and report Medicare fraud and abuse.

Becoming a volunteer is a great way to interact with seniors and their loved ones to educate them about how to recognize the various forms of fraudulent services and abuse and what to do when faced with the reality. Most of all, you'll be making a difference by contributing energy to help stop the loss of billions of dollars to Medicare each year.

DELAWARE HEALTH AND SOCIAL SERVICES

Day Manager (Volunteer position)

Our Mission: With dignity and respect, the Community Resource center helps individuals and families get to the next step of their journey towards self-sufficiency and stability.

The Community Resource Center is currently seeking volunteers to serve as Day Managers. The purpose of the Day Manager position is to effectively engage, screen, assess, refer, and provide resources to low income families and individuals in need of financial assistance. They ask a series of questions for the purpose of compiling data, and then uses this data to determine the best next course of action for that client. When working with individuals who are facing an emergency such as eviction or utility disconnection, it is helpful to possess certain skills: such as

- ♦ **Critical Thinking:** Volunteers should be able to understand what a person needs when coming to them in crisis. Being able to find solutions for a myriad of issues will be necessary.
- ♦ **Problem Solving:** Volunteers play an important role in identifying solutions for the problems their clients bring to them. An awareness of local resources is helpful.
- ♦ **Respect:** It is our culture to treat all people with respect and dignity.
- ♦ **Compassion:** Volunteers see people during moments of trauma or crisis, where they and their family are vulnerable. Being compassionate is an asset in assisting them.
- ♦ **Patience:** Being patient with people who may have trouble communicating or understanding what is happening is important.
- ♦ **Communication Skills:** Volunteers need to be good listeners and good speakers. They communicate with clients and their families and often are the go-between them and landlords, utility companies or other providers.
- ♦ **Computer Skills:** Volunteers create and update electronic client files as part of the intake process. Must be comfortable using a computer to complete simple entry fields.

The Day Manager also provides support, guidance and assistance to Intake Volunteers. The Day Manager works from 10 am until 4 pm. Day Managers can work one day a week, or one day every other week. For more information, please call Jo Allegro-Smith, Director for the Community Resource Center at (302) 727-4572.

Social Security Announces 1.3 Percent Benefit Increase for 2021

Social Security and Supplemental Security Income (SSI) benefits for approximately 70 million Americans will increase 1.3 percent in 2021, the Social Security Administration announced today.

The 1.3 percent cost-of-living adjustment (COLA) will begin with benefits payable to more than 64 million Social Security beneficiaries in January 2021. Increased payments to more than 8 million SSI beneficiaries will begin on December 31, 2020. (Note: some people receive both Social Security and SSI benefits). The Social Security Act ties the annual COLA to the increase in the Consumer Price Index as determined by the Department of Labor's Bureau of Labor Statistics.

Some other adjustments that take effect in January of each year are based on the increase in average wages. Based on that increase, the maximum amount of earnings subject to the Social Security tax (taxable maximum) will increase to \$142,800 from \$137,700.

Social Security and SSI beneficiaries are normally notified by mail starting in early December about their new benefit amount. Most people who receive Social Security payments will be able to view their COLA notice online through their personal *my Social Security* account. People may create or access their *my Social Security* account online at www.socialsecurity.gov/myaccount.

Information about Medicare changes for 2021, when announced, will be available at www.medicare.gov. For Social Security beneficiaries receiving Medicare, Social Security will not be able to compute their new benefit amount until after the Medicare premium amounts for 2021 are announced. Final 2021 benefit amounts will be communicated to beneficiaries in December through the mailed COLA notice and *my Social Security's* Message Center.

The Social Security Act provides for how the COLA is calculated. To read more, please visit www.socialsecurity.gov/cola.

###

NOTE TO CORRESPONDENTS: Attached is a fact sheet showing the effect of the various automatic adjustments.
