

Berks Juggle-A-Thon 2021

- Join us on July 3rd!
- Set a Goal, Get Sponsors, Juggle!
- All Proceeds to Helping Harvest Food Bank

What?

The Berks County Juggle-A-Thon is a campaign to help those most affected by job loss and food insecurity throughout the COVID-19 pandemic. We are calling on Berks County soccer players of all ages to participate in the fundraiser by setting a goal, gathering willing donors to sponsor them, and then juggling! In compliance with social distancing policies, we ask that all participants juggle at home this year, but we want to see your skills! Join us, July 3rd on Instagram Live, for a chance to be featured in our live stream AND submit a video using #berksjuggle and tagging @berksjuggle on [Instagram](#). Videos can also be sent directly to Simon Wang (sbwang17@gmail.com, 610 655 5047).

Why?

In the past year, millions across America have lost jobs, and students of all ages have been forced to adjust to learning in an online environment. An estimated 45 million adults and 15 million children may have experienced food insecurity in 2020. These circumstances will have reverberating effects within low-income communities that've been hit hardest by the pandemic. All proceeds from the Berks County Juggle-A-Thon 2020 will go to the Helping Harvest Food Bank in Reading PA.

How?

Anyone who wants to attempt the juggling challenge is welcome to participate. Start by setting your goal. Using the provided sponsor sheet, participants will then ask for a pledge per juggle or flat donation from willing donors. Sponsors will be asked to submit their donations on our [Go Fund Me](#) or by mailing a check made out to Helping Harvest Food Bank to Youth Volunteer Corps/VOiCEup Berks care of 201 Washington St, Ste 547, Reading, PA 19601.

Not A Soccer Player?

You can still get involved if you can't juggle a soccer ball! Spread the word and sponsor young athletes in your life participating in the challenge. Any and all donations are greatly appreciated.
