## The Jersey Cares Coat Drive 2024-2025

### The Jersey Cares Coat Drive 2024-2025 Overview

The Jersey Cares Coat Drive is back! With the help of volunteers across the state, we are bringing warmth and comfort to thousands of New Jersey neighbors by collecting new or gently used winter coats. For many families, especially large, low-income households already struggling to meet basic needs, the cost of a winter coat can be overwhelming. By providing access to winter coats, the Coat Drive helps keep people healthy and safe during the harsh winter months.

You can make a difference! Use the **Jersey Cares Coat Drive 2024-2025 Social Media Toolkit** to recruit coat collection sites, gather donations, or fundraise through your personal social media accounts. Together, we can ensure that thousands of our neighbors stay warm this winter. To learn more about the Jersey Cares Coat Drive, [click here](#).
