Overview: Boston Cares partners with nonprofits and schools to expand their impact by mobilizing diverse people to collaboratively address our community's critical needs. Founded in 1991, Boston Cares has mobilized people to provide over 1.3 million hours of service to the Greater Boston community addressing education and economic opportunity gaps, providing basic daily needs, connecting community members, and more. Our primary programs include our Hands At Work corporate engagement services providing customized project management for 60+ companies annually; our signature Calendar program engaging over 4000 individuals in flexible volunteer opportunities; and our Allies for Immigrants program providing English language tutors to immigrants. In 2022, we're rolling out a new strategic plan focusing on impact, equity, and the role volunteerism can play in building strong, resilient communities.

We, as Boston Cares, endeavor to have a board and staff that reflect the diversity of the communities we serve. We believe that these communities must be centered in the work we do. Hence, we strongly encourage and welcome applications from candidates from diverse backgrounds, and all applications will be reviewed in accordance with our [Nondiscrimination Policy](#). As an organization, we will continuously strive to create an inclusive environment where everyone is welcome and feels supported.
