20 VOLUNTEER 23 HAMPTON ROADS

Dear Friends,

As we look back on the past year, I am proud to say that Volunteer Hampton Roads continues to make a significant impact in our community. Despite the challenges brought on by the pandemic and economy, our volunteers, staff, and partners remain committed to our mission of connecting people and organizations to strengthen our region through volunteerism.

In the 2022, we saw Hampton Roads continue to step up and volunteer to support our local organizations. Whether it was delivering meals to seniors, mentoring students, or making much-needed building repairs, our volunteers have shown incredible resilience and dedication.

We strengthened our partnerships with local nonprofits and businesses, collaborating to identify and address the most pressing needs in our community. Through these relationships, we were able to provide meaningful volunteer opportunities and expand our impact.

As we move forward, we are excited to expand our services to meet the needs of both the for-profit and non-profit sectors. Through our Civic 50 Hampton Roads initiative, Corporate Volunteer Council, and consultation services we are committed to providing the resources businesses need to grow their impact and investment in the community. Volunteer Hampton Roads is committed to promoting social and civic engagement to build a more resilient region.

Thank you for your support, and we look forward to continuing this important work together.

Sincerely,

Stephanie Gorham President & CEO

CORPORATE VOLUNTEER EXCELLENCE AWARD

Both on a local and nation level, Ferguson has proved to be a leading corporate citizen. With a company culture that is grounded in a commitment to prioritizing the care and wellbeing of their associates, customers, and communities, their strategies for creating positive impact extend through every aspect of their business model.

Their community engagement program, Ferguson Cares, is a testament of their commitment to promoting positive change and meaningful impact. As an integral part of the company's overall ESG strategy (Environmental, Social, Governance), the Ferguson team works to deliver meaningful solutions to social challenges and create lasting value for our community.

Ferguson is working to address a wide variety of social issues, including housing, the shortage of skilled trades professionals, and clean water and sanitation. By developing strong partnerships directly with dedicated community groups, Ferguson is creating a future that everyone can be proud of.

Ferguson has also demonstrated a commitment to programs that address equity and uplift underserved communities. In 2022, the company tapped their employee-led BRGs (Business Resource Groups) Advisory Team to distribute impact grants to 10 small, grassroots nonprofits dedicated to addressing equity in our communities, including the Virginia Peninsula Chapter of the 100 Black Men of America, Inc. Additionally, through Ferguson's partnerships with Norfolk State University and Hampton University, two HBCUs, they are able to invest in the region's talent pipeline while providing a diverse set of students with business development education, internships, mentorships and access to technology.
