The Legacy of Lenora Mathews

LENORA MATHEWS TRIBUTE

Lenora Mathews was a woman before her time. She was a visionary, who as the first executive director of VOLUNTEER Hampton Roads, created an organization that made it possible for anyone and everyone to serve their community as a volunteer. Her vision grew into the mission that our organization has today, to **CONNECT** businesses with opportunities which create a positive impact on our community; to **EQUIP** nonprofits with the resources they need to achieve their mission; to **MOBILIZE** a community of volunteers to create change. In addition to realizing the impact that volunteers make on Hampton Roads, Lenora also felt strongly about the need to recognize these volunteers publicly. In 1975, she began the first Hampton Roads Volunteer Achievement Awards. 44 years later, we are still hosting this inspiring and uplifting event that highlights the efforts of many individuals and groups who contribute their time in our community. In 1998, **the Lenora Mathews Lifetime Achievement award** was given to honor her. Since then, this award has recognized 20 individuals who have used their influence, dedication to their community, time and voice to lead and encourage volunteerism and community service.

Letter from the Executive Director and Board of Director Chair

2018 was a wonderful year for VOLUNTEER Hampton Roads!

Melissa Burroughs
Board Chair

Stephanie Gorham,
Executive Director

Our VolunTier Vision program went live early in the year and we were able to match over 100 individuals to skilled volunteer and board service opportunities in Hampton Roads. Nonprofit organizations now count on VOLUNTEER

Hampton Roads to recruit the best talent in our region to address their needs and increase their impact in the community.

We had a successful year of volunteer service projects beginning with our Hunger Heroes event in June. 300 volunteers spent their Saturday morning at Virginia Wesleyan University packing 600 USDA food boxes for families who benefit from the services of the Foodbank of Southeastern Virginia. This event kicked off our Summer of Service which included our Teacher's Closet project and engaged volunteers from 20 local businesses who served over 8,743 hours. We didn't stop there, instead, we moved right into our Family Volunteer Day. This event, held the weekend before Thanksgiving, we painted and placed over 300 rocks for Children's Health Investment Program that brought awareness to the importance of a child's first 2,000 days of life; created 800 emergency preparedness kits for seniors who receive meals on wheels; formed 2,000 seed bombs that the Elizabeth River Trail Foundation will plant on Arbor Day, and wrapped 120 birthday gifts for children in foster care.

From big events to everyday tasks, our community relies on VOLUNTEER Hampton Roads to harness the power of volunteerism to make a difference in Hampton Roads. Through our website, nonprofit organizations engaged over 2,000 volunteers in our area last year. These volunteers participated in 764 projects ranging from local race event staff, to bingo fundraisers, to literacy tutors and Meals-on-Wheels drivers, for a total of over 23,800 donated hours.

Our work is only a reality because of the generous support of the Hampton Roads community. **Thank you!**

2018 VOLUNTIER VISION MATCHES

103

Through VolunTier Vision, VOLUNTEER Hampton Roads matches volunteers with specific skills from our talent bank to nonprofit organizations in need of those skills. Our talent bank is filled with individuals who are looking to donate their expertise to nonprofits through skilled volunteering or board service. These volunteers are key resources to the nonprofits they are matched with and through the donation of their professional service and time they help the organization to achieve their mission and expand their capacity to help.

Nonprofits fill out a free assessment that enters their board or skilled needs into our database. Our software uses their mission and cause along with specific needs to match them to volunteers who have indicated interest in the same cause and are qualified to fill their needs. By eliminating the stress and guess work of finding a well-suited match we maximize the impact made by both groups.

The skilled volunteers we engage begin working on projects that utilize their professional skills such as accounting or information technology. As they complete projects, they form relationships and an understanding of the nonprofit and can move up a tier of service to donate time and expertise through board service.
