

*Get ready. Gather your team.*

**Saturday, March 20, 2021**  
9 AM – 4 PM

**What is it?** THE HEART TO HEART SCAVENGER HUNT is a fun, COVID-safe, family-friendly virtual community event to raise funds for The Volunteer Center. Using the GooseChase app, participants take part in dozens of zany challenges throughout the day – the more missions you complete, the more "heart points" you will earn to win a prize package! We're expecting 600 to 1,000 participants from across the South Bay, Harbor Area, and Long Beach.

For the **corporate team price of \$300**, your company will receive the following:

- **Mission Design:** This is the best part of the corporate team package! Feature your brand by designing an interactive mission for the participants. They could earn points by buying something at your store, visiting your website, or simply engaging in a fun activity that highlights your brand message. We'll help you get creative.
- **Event Recognition:** During the event, we'll recognize our corporate teams through push notifications sent directly to the participants through the app, ensuring that your name gets seen.
- **Participant Team:** Round up 3-5 employees or friends and family to participate in the scavenger hunt on event day. Wear company-branded shirts and post lots of photos and videos to the submission board to increase your visibility. Our participants will see your company having fun and supporting a great cause.
- **Featured Logo:** Your logo will be featured on our event webpage, in our promotional videos, and on our social media – before and after the event.

**Want more recognition?** For **\$1,000**, your company will receive all the benefits above, plus 4 additional participant teams (great for team-building!), 1 additional mission, and a featured role in our kick-off event video.

**Other ways to help:** In addition to the corporate team package above, please consider promoting this event to your employees so they can participate with their own families, sharing the event on social media, and donating prizes.

*Still not sure? Contact us to take part in a mock GooseChase scavenger hunt so you can experience it firsthand and see how your company's brand can benefit by participating.*

**Reserve your spot!**
